The Grace College MBA program encourages the study of business from a distinctly biblical perspective. We believe that as image bearers of God, we are designed to be both creators and cultivators who serve through stewardship of all creation. Among the first instructions in scripture were for man to subdue

2:15). These commands are further developed in other scripture passages and remain in effect to this day endowing the practice of business with theological significance.

The Grace College MBA program was intentionally created to be application oriented. Consistent with learning-by-doing, course assignments allow students to use concepts learned in their current employment setting. This allows students to quickly develop an initial proficiency with the concepts being covered in their class. It also allows students to demonstrate the value-added nature of the program.

These program distinctives are reflected in the program purpose statement and goals that follow.

All students are required to maintain a GPA average of 3.0 (which is a B average) to continue in the MBA program. Students whose cumulative MBA GPA falls below 3.0 will move to a probationary status for one session. If their GPA still remains under a 3.0 average after the probationary session, they will be given the option of either retaking low-GPA courses to improve their overall GPA or of exiting the program.

Dual degree students must also maintain a 3.0 GPA in their undergraduate courses to continue in the program. Dual degree students whose overall undergraduate GPA falls below 3.0 will move to a probationary status for one session. If their undergraduate GPA remains below a 3.0 after the probationary session, they will have to stop taking MBA courses until their overall undergraduate GPA has returned to a 3.0 or higher.
